## I-280/Wolfe Road Interchange Improvements Project

The Santa Clara Valley Transportation Authority (VTA), in cooperation with the City of Cupertino and the California Department of Transportation (Caltrans), proposes to modify the Wolfe Road interchange on Interstate 280 (I-280) in the City of Cupertino.

### Objectives

The purpose of this project is to improve traffic operations, and facilities for several modes of transportation including bicycle, pedestrian and high occupancy vehicle uses at the I-280 and Wolfe Road interchange in the City of Cupertino.

### Project Features

The proposed improvements include, but are not limited to, the following:

- Construct new structure carrying Wolfe Road over I-280.
- Construct new on-ramps and off-ramps.
- Modify existing local street intersections and upgrade bicycle and pedestrian facilities along Wolfe Road, and
- Construct retaining walls and sound walls as needed.

### Virtual Community Meeting

The public is invited to participate in a virtual Open House Wednesday, December 9 at 6:00 p.m. There will be a brief presentation on the preferred design for the I-280 and Wolfe Road interchange.

Individuals who require language translation, American Sign Language, or other assistance are requested to contact VTA Community Outreach at (408) 321-7575, TTY (408) 321-2330, at least five (5) business days before the public information meeting.
