Subject: From VTA: Reminder - Share any traffic concerns at VTA's Countywide Local Roads Safety Plan website

VTA Board of Directors and Advisory Committee Members:

Friendly reminder: the last day to submit your traffic safety concerns is Friday, April 22, 2022. You can report the traffic problem areas here: <https://tjkmweb.wixsite.com/vtalrsp>.

We encourage you to share this website with your constituents and network so we can get the feedback we need to make this Local Roads Safety Plan successful. For those who would like to retweet/repost in social media, please see the links below. Thank you in advance for your comments!

Subject: From VTA: VTA's Countywide Local Roads Safety Plan website

VTA, in partnership with the cities and towns in Santa Clara County, is working on a countywide traffic safety plan to improve safety on local streets, with the goal of reducing fatal and serious injury collisions in our communities.

Help make your neighborhood streets safe! Please share any traffic safety problem areas on VTA's Countywide Local Roads Safety Plan

[Project Overview](#) [Report Concern](#) [Collision History](#) [Project Updates](#) [Provide Feedback](#) [Subscribe & Contact](#)

The screenshot shows the Valley Transportation Authority website. At the top, there is a navigation bar with links: Project Overview, Report Concern, Collision History, Project Updates, Provide Feedback, and Subscribe & Contact. Below the navigation bar is a large banner with the VTA logo and the text 'COUNTYWIDE LOCAL ROADS SAFETY PLAN'. Underneath the banner is a section titled 'Project Overview' with two paragraphs of text. The first paragraph describes the VTA's partnership with local jurisdictions to develop a countywide Local Roads Safety Plan (LRSP). The second paragraph states the goal is to develop a successful LRSP by analyzing historic collision databases and creating a decision-making process that includes public outreach and stakeholder participation using the five 'Es' of traffic safety. Below the text is a video player showing a graphic titled 'Local Road Safety Plan' with various icons and text boxes.

COUNTYWIDE LOCAL ROADS SAFETY PLAN

Project Overview

The Santa Clara Valley Transportation Authority (VTA), in partnership with its member agency local jurisdictions, is developing a countywide Local Roads Safety Plan (LRSP) for all incorporated and unincorporated communities of Santa Clara County. An LRSP provides a framework for identifying, analyzing, and prioritizing roadway safety improvements on local roads. This plan will enable local agencies in Santa Clara County to enhance traffic safety for all modes of transportation and for all ages and abilities.

The goal is to develop a successful LRSP by analyzing historic collision databases and creating a decision-making process that includes public outreach and stakeholder participation using the five "Es" of traffic safety: Engineering, Enforcement, Education, Emergency Response Services, and Emerging Technologies. Scroll down to view the [Project Area](#). The video below from the Federal Highway Administration details the process to develop a Local Roadway Safety Plan.
