

## WHAT:

The purpose of this notice is to inform you that the California Department of Transportation (Caltrans), in cooperation with the Santa Clara Valley Transportation Authority (VTA) and the Town of Los Gatos, will prepare an Environmental Impact Report (EIR)/Environmental Assessment (EA) for the State Route 17 (SR 17) Corridor Congestion Relief Project.

The Project proposes to 1) modify the SR 17/SR 9 interchange's on- and off-ramps, 2) widen the SR 17 mainline and shoulder to eliminate the lane-drop and bottlenecks between Lark Avenue and the SR 17/SR 9 interchange, 3) implement advance transportation technology (traffic signals control system, traveler information system, and and ramp), and 4) implement "complete streets" features to improve bicyclist and pedestrian travel.

The purpose of the Project is to improve mainline traffic operations and reduce congestion on SR 17, reduce cut-through traffic in the Town of Los Gatos, improve SR 17/SR 9 interchange operations, and improve active transportation (bicycle and pedestrian) mobility and connectivity in the Town of Los Gatos across SR 17.
