## QUESTIONS AND ANSWERS

### SET # 2

**TO** : All Prospective Bidders  
**FROM** : Ehab Azab, Contracts Administrator  
**SUBJECT** : Set #2 - Contract C19010 – Cerone Division Emergency Generator Replacement

---

Q2. When is our response to the RFQ due? We could not locate reference to that in the RFQ.

A2. Please refer to Section C “Submittal Location and Deadline” page #3 of the Request for Pre-qualification of Bidders that states “Bidders may submit pre-qualification packages during regular working hours on any day that the offices of VTA are open. The SOQ package must be submitted on or before the bid opening date as detailed in the IFB”.

The IFB is tentatively planned for advertisement by the last week of May, with the Bid Opening date tentatively planned to be on or before the end of June 2019. Prospective Bidders who downloaded the Request for Pre-qualification of Bidders will be notified by VTA via email once the IFB is advertised.

Q3. Our firm has been prequalified on a number of project including the recent Traction Power Substation and we were the primary electrical on the BART / VTA Extension a project in excess of \$ 50 Million. Is it possible for us to just submit the Validation of Previous Pre-qualification?

A3. Unfortunately, the projects that you refer to occurred more than one year ago and our record shows that you have not submitted any pre-qualification submittal for the past year. Therefore, your firm must submit a new pre-qualification package for this Project.

If you have any questions, please do not hesitate to contact me at (408)321-5835.

Sincerely,

Ehab Azab  
Construction Contracts Administrator
