**EXHIBIT A5 INSURANCE REQUIREMENTS
for
PROFESSIONAL SERVICE CONTRACTS**

INSURANCE: Without limiting the Contractor’s indemnification of VTA, the Contractor must procure and maintain for the duration of the Contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, or employees, or subcontractors. The cost of such insurance must be included in the Contract. In the event of any material change in the Contract Scope of Services, VTA reserves the right to change the insurance requirements set forth herein. The Contractor must furnish complete copies of all insurance policies, within three (3) business days of any such request by VTA.

A. LIABILITY AND WORKERS’ COMPENSATION INSURANCE:

1. Minimum Scope of Coverage: Coverage must be at least as broad as:

- a. Insurance Services Office General Liability coverage (“occurrence” form CG 0001). General Liability insurance written on a “claims made” basis is not acceptable.
- b. Insurance Services Office Business Auto Coverage, Insurance Services Office form number CA 0001, covering Automobile Liability, code 1 “any auto.” Auto Liability written on a “claims-made” basis is not acceptable.
- c. Workers’ Compensation insurance as required by the Labor Code of the State of California, and Employers Liability insurance.
- d. Professional Liability, including limited contractual liability coverage, covering liability arising out of any negligent act, error, mistake or omission in the performance of Contractor’s services under this Contract. This coverage must be maintained for a minimum of two (2) years following completion of this Contract. This coverage may be written on a “claims made” basis, if so, please see special provisions in Section B.

2. Minimum Limits of Insurance: Contractor must maintain limits no less than:

- a. General Liability \$2,000,000 limit per occurrence for bodily injury, personal injury, and property damage. If a General Liability or other form with a general aggregate limit is used, either the general aggregate limit must apply separately to this project/location or the general aggregate limit must be twice the required occurrence limit. This requirement may be met by a combination of General Liability with Umbrella or Excess insurance, but in no event may the General

Liability primary policy limit per occurrence be less than \$2,000,000, unless Umbrella/Excess policies feature inception and expiration dates concurrent with the underlying policy, "Follow Form" coverage, and a "Drop Down" provision.

- b. Automobile Liability \$1,000,000 limit per accident for bodily injury and property damage.
 - c. Workers' Compensation and Employers Liability: Statutory Workers' Compensation limits and Employers Liability limits of \$1,000,000 per accident.
 - d. Professional Liability: \$2,000,000 each occurrence/aggregate minimum limit per claim. This requirement may be met by a combination of Professional Liability with Umbrella or Excess insurance, but in no event may the Professional Liability primary policy limit per occurrence be less than \$2,000,000, unless Umbrella/Excess policies feature inception and expiration dates concurrent with the underlying policy, "Follow Form" coverage, and a "Drop Down" provision.
- 3. Self-Insured Retention:** Any self-insured retention or deductible in excess of \$50,000 (\$100,000 if Contractor is a publicly-traded company) must be declared to and approved by VTA. If Contractor is a governmental authority such as a state, municipality or special district, self-insurance is permitted. To apply for approval for a level of retention in excess of the stipulated amounts stated herein, the Contractor must provide a current financial statement documenting the ability to pay claims falling within the self-insured retention. At the option of VTA, either: the insurer must reduce or eliminate such self-insured retention as respects VTA, its officers, officials, employees and volunteers; or the Contractor must procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

B. CLAIMS MADE PROVISIONS (NOT APPLICABLE TO GENERAL LIABILITY OR AUTOMOBILE LIABILITY): Claims-made coverage is never acceptable for General Liability or Auto Liability. Claims-made may be considered for Professional, Environmental/Pollution, or Cyber Liability. If coverage is written on a claims-made basis, the Certificate of Insurance must clearly state so. In addition to all other coverage requirements, such policy must provide that:

- 1. The policy must be in effect as of the date of this Contract and the retroactive date must be no later than the date of this Contract.
- 2. If any policy is not renewed or the retroactive date of such policy is to be changed, the Contractor must obtain or cause to be obtained the broadest extended reporting period coverage available in the commercial insurance market. This extended reporting provision must be of at least two (2) years.
- 3. No prior acts exclusion may be added to the policy during the Contract period.

4. Policy allows for reporting of circumstances or incidents that might give rise to future claims.

C. OTHER PROVISIONS: The policies are to contain, or be endorsed to contain, the following provisions:

1. General Liability and Automobile Liability:

- a. VTA, its directors, officers, officials, employees and volunteers are to be named as additional insureds as respects: liability arising out of activities performed by or on behalf of the Contractor, including VTA's general supervision of the Contractor; products and completed operations of the Contractor and its subcontractors; premises owned, occupied or used by the Contractor; or automobiles owned, leased, hired or borrowed by the Contractor. The coverage must contain no special limitations on the scope of protection afforded to VTA, its directors, officers, officials, employees, or volunteers. Additional Insured endorsements must provide coverage at least as broad as afforded by the combination of ISO CG 20 10 10 01 and CG 20 37 10 01.
- b. The Contractor's insurance coverage must be primary insurance as respects VTA, its directors, officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by VTA, its directors, officers, officials, employees, or volunteers must be excess of the Contractor's insurance and may not contribute with it.
- c. Any failure to comply with reporting provisions of the policies may not affect coverage provided to VTA, its officers, officials, employees, or volunteers.
- d. The Contractor's insurance must apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
- e. The General Liability General Aggregate limit must apply per project, not per policy.

2. All Coverages:

- a. The insurer must agree to waive all rights of subrogation against VTA, its directors, officers, officials, employees, and volunteers for losses arising from work performed by the Contractor and its subcontractors for VTA.
- b. If any coverage forms or endorsements required by this Contract are updated by their publishers, whether they be the insurance carrier(s), the Insurance Services office, or the American Association of Insurance Services, during the duration of

this Contract, VTA reserves the right to require the Contractor to procure said coverage forms or endorsements using the updated versions upon the next renewal cycle.

D. ACCEPTABILITY OF INSURERS: Insurance and bonds must be placed with insurers with an A.M. Best's rating of no less than A VII (financial strength rating of no less than A and financial size category of no less than VII), unless specific prior written approval has been granted by VTA.

E. CERTIFICATES OF INSURANCE: Contractor must furnish VTA with a Certificate of Insurance. The certificates for each insurance policy are to be signed by an authorized representative of that insurer. The certificates will be issued on a standard ACORD Form. The contractor must instruct their insurance broker/agent to submit all insurance certificates and required notices electronically in PDF format to Insurance.certificates@vta.org.

The certificates will (1) identify the underwriters, the types of insurance, the insurance limits, the deductibles and the policy term, (2) include copies of all the actual policy endorsements required herewith, and (3) in the "Certificate Holder" box include:

Santa Clara Valley Transportation Authority
Procurement, Contracts and Materials Management
3331 North First Street
San Jose, CA 95134
Contract No. S19198

In the Description of Operations/Locations/Vehicles/Special Items Box, the VTA Contract number must appear, the list of policies scheduled as underlying on the Umbrella policy must be listed, Certificate Holder should be named as additional insured, and Waiver of Subrogation must be indicated as endorsed to all policies as stated in the Contract Documents.

All certificates and endorsements are to be received and approved by VTA before work commences. VTA reserves the rights to require complete, certified copies of all required insurance policies, at any time.

If the Contractor receives any notice that any of the insurance policies required by this Exhibit may be cancelled or coverage reduced for any reason whatsoever, Contractor or insurer must immediately provide written notice to VTA that such insurance policy required by this Exhibit is canceled or coverage is reduced.

F. MAINTENANCE OF INSURANCE: If Contractor fails to maintain such insurance as is called for herein, VTA, at its option, may suspend payment for work performed and/or may order the Contractor to suspend work at Contractor's expense until a new policy of insurance is in effect.
