Q7. If we are going to bid this project as a sub-contractor, to one of the GC's. Do we still need to be prequalified for this project?

A7. VTA only accepts bids from the General/Prime contractors. Therefore, we only evaluate the qualifications of the General/Prime contractors. If you intend to work on this project as a sub-contractor, you need to approach the Prime contractor and deal with them directly.

Q8. If one of the sub-contractors, that we are going to use on this project, is certified through the state of California as an SBE, do they still need to be specifically approved through the SCVTA as an SBE?

A8. If the Prime contractors or their sub-contractors who are certified through the State of California as an SBE, VTA will accept that certification without further approval, and the information of these SBE companies must be provided on Bid Forms 4 & 5. Please follow the instructions sheets when filling out these 2 particular bid forms.
